

LYLE D. FEISEL

Lyle D. Feisel is Dean Emeritus (retired) of the Thomas J. Watson School of Engineering and Applied Science at the State University of New York at Binghamton. In retirement, he is pursuing personal interests and continues his involvement in professional and educational consulting activities.

Following service in the U.S. Navy, he received the B.S., M.S., and Ph.D. degrees in Electrical Engineering from Iowa State University. From 1964 to 1983, he was a member of the faculty of the South Dakota School of Mines and Technology and served as Head of that institution's Electrical Engineering Department from 1975 to 1983. In 1969-70, he was a National Visiting Professor at Cheng Kung University in Tainan, Taiwan, ROC, and in 1982, held the Wachtmeister Chair in Engineering at the Virginia Military Institute. He has had industrial employment with Collins Radio, Honeywell, IBM, and Northrop, has consulted for private and public organizations, and has been very active in accreditation and continuing education activities. He has published both technical and educational papers and is the holder of two patents. He is a member of the Board of Directors of RAE Systems, Inc.

Dr. Feisel is a Fellow of the IEEE, ASEE and NSPE and has served as president of the American Society for Engineering Education, the IEEE Education Society, the Electrical Engineering Department Heads Association, the Electrical Engineering Division of ASEE, and the Association of Engineering Colleges of New York State. He has been Vice President – Educational Activities of IEEE serving on the IEEE Board of Directors for three years. He has also served as a member of the Technical Activities Board, the Publications Board and the Educational Activities Board of IEEE. He has served as a member of the Engineering Accreditation Commission and of the Board of Directors of ABET and has chaired and served on various national committees. Dr. Feisel is a member of various honor societies, and is a recipient of the Western Electric Fund Award, the Meritorious Service Award and the Achievement Award of the IEEE Education Society, the Ben Dasher Award, the Ronald J. Schmitz Award, the IEEE Centennial Medal and Millennium Medal, the Iowa State University Professional Achievement Citation in Engineering, the New York State Society of Professional Engineers Award for Achievements and Contributions in the Field of Education, and an IEEE Region 1 Award for Innovative Leadership in Engineering Education. In 2000, he was named New York State Engineer of the Year and in 2002 received the NSPE Award, the highest honor awarded by the National Society of Professional Engineers. He is a registered professional engineer (ret).
